EM-LINES LIMITED is a licensed Non-Vessel Operating Common Carrier (NVOCC) by the Federal Maritime Commission (FMC), operating under FMC organization number 024335 and FMC license number 024335NF.

Carrier has opted to publish its Tariff rates and charges or in the alternative to be exempt from tariff publication requirements pursuant to 46 CFR §§520, 531 and 532. In that respect Carrier has opted for use of Negotiated Rate Arrangements (“NRAs”) and may also opt to utilize NVOCC Service Arrangement (“NSAs”). NRA means the written and binding arrangement between an NRA shipper or consignee and an eligible NVOCC to provide specific transportation service for a stated cargo quantity, from origin to destination on and after receipt of the cargo by the NVOCC or its agent or the originating carrier in the case of through transportation. The shipper is considered to have agreed to the terms of the NRA if the shipper: (1) provides the NVOCC with a signed agreement; (2) sends the NVOCC a written communication, including an e-mail, indicating acceptance of the NRA terms; or (3) books a shipment after receiving the NRA terms from the NVOCC, if the NVOCC incorporates in the NRA quoted terms the following text in bold font and all uppercase letters: **“THE SHIPPER’S BOOKING OF CARGO AFTER RECEIVING THE TERMS OF THIS NRA OR NRA AMENDMENT CONSTITUTES ACCEPTANCE OF THE RATES AND TERMS OF THIS NRA OR NRA AMENDMENT.”** The effective date of the NRA shall be the date of Carrier’s receipt of Shipper’s and/or Consignee’s acceptance herein. All applicable origin, destination local terminal and/or port charges shall apply to all NRAs and should be considered as a pass-through. Rates may not be modified in an NRA after the time the shipment is received by the Carrier or its agent (including originating carriers in the case of through transportation). NRAs can otherwise be amended by the parties in writing or by acceptance of the quoted NRA amendment by booking the cargo.

AMENDMENT NO. O
Rule 2: Notice to Tariff Users

Effective: 10JUN2019 Thru: NONE Expires: NONE Publish: 10JUN2019

Carrier has opted to be exempt from tariff publication requirements pursuant to 46 CFR §§520, 531 and 532. In that respect Carrier has opted for use of Negotiated Rate Arrangements (“NRAs”) and may also opt to utilize NVOCC Service Arrangement (“NSAs”). NRA means the written and binding arrangement between an NRA shipper or consignee and an eligible NVOCC to provide specific transportation service for a stated cargo quantity, from origin to destination on and after receipt of the cargo by the NVOCC or its agent or the originating carrier in the case of through transportation. The shipper is considered to have agreed to the terms of the NRA if the shipper: (1) provides the NVOCC with a written acceptance of the NRA; (2) sends the NVOCC a written communication, including an e-mail, indicating acceptance of the NRA terms; or (3) books a shipment after receiving the NRA terms from the NVOCC, if the NVOCC incorporates in the NRA quoted terms the following text in bold font and all uppercase letters: **“THE SHIPPER’S BOOKING OF CARGO AFTER RECEIVING THE TERMS OF THIS NRA OR NRA AMENDMENT CONSTITUTES ACCEPTANCE OF THE RATES AND TERMS OF THIS NRA OR NRA AMENDMENT.”** The effective date of the NRA shall be the date of Carrier’s receipt of Shipper’s and/or Consignee’s acceptance herein. All applicable origin, destination local terminal and/or port charges shall apply to all NRAs and should be considered as a pass-through. Rates may not be modified in an NRA after the time the shipment is received by the Carrier or its agent (including originating carriers in the case of through transportation). NRAs can otherwise be amended by the parties in writing or by acceptance of the quoted NRA amendment by booking the cargo.

AMENDMENT NO. 1 (C)
Rule 2A: Application of NRAs and Charges

Effective: 25NOV2019 Thru: NONE Expires: NONE Publish: 25NOV2019

1. NRAs are stated in terms of U.S. Currency and or local currencies, as applicable, and apply per 1 Cubic Meter (M) or 1,000 Kilos (W), as indicated, whichever basis yields the greater revenue, except as otherwise specified. Where the word “Weight” or the letter “W” appears next to an article or commodity, weight rates are applicable without regard to measurement. Where the word “Measurement” or the letter “M” appears next to an article or commodity, measurement rates are applicable without regard to weight.

NRAs and other charges shall be based on the actual gross weight and/or overall measurement of each piece or package, except as otherwise provided. NRAs indicated by W/M or WM are optional weight or measurement rates and the rate yielding the greater revenue will be charged.

2. Except as otherwise provided, all “Port” (i.e., Port-to-Port) rules published herein apply from/to places where the common carrier originates or terminates its actual ocean carriage of cargo. Tolls, Wharfage, Cost of Landing, and all other expenses beyond the port terminal area are for account of Owner, Shipper or Consignee of the cargo and all such expenses levied in the first instance against the Carrier will be billed in an equal amount to the Owner, Shipper or Consignee of the Cargo. NRAs are applicable from Inland Points which lie beyond port terminal areas. Such NRAs shall be inclusive of all charges pertinent to the transportation of cargo and not including Customs clearance assessments or Forwarding Charges, except as provided in each individual NRA. Alternatively, at shipper’s or consignee’s request, carrier will arrange for inland transportation as shipper’s or consignee’s agent. All associated costs will be for the account of the cargo. Overland carriers will be utilized on an availability of service basis and not restricted to any preferred Carriers, except as Ocean Carrier deems necessary to guarantee safe and efficient movement of said cargo. Carrier shall not be obligated to transport the goods in any particular type of container or by any particular Vessel, Train, Motor, Barge or Air Carrier, or in time for any particular market or otherwise than with reasonable dispatch. Selection of Water Carriers, Railways, Motor, Barge or Air Carrier used for all or any portion of the transportation of the goods shall be within the sole discretion of the Ocean Carrier.

3. Any Additional Charges which may be imposed upon the cargo by Governmental Authorities will be for the account of the cargo.

4. NRAs do not include Marine Insurance or Consular fees.

5. Description of commodities shall be uniform on all copies of the Bill of Lading and MUST be in conformity with the validated United States Export Declaration covering the shipment. Carrier must verify the Bill of Lading description with the validated United States Export Declaration. Shipper amendments in the description of the goods will only be accepted if validated by United States Customs. Trade names are not acceptable commodity descriptions and shippers are required to declare their commodity by its generally accepted generic or common name.

6. Unless otherwise specified, when NRAs are based on the value of the commodity, such commodity value will be the F.O.B. or F.A.S. value at the port of loading as indicated on the Commercial Invoice, the Custom Entry, the Import/Export Declaration or the Shipper’s Certificate of Origin. The F.O.B. value and the F.A.S. value include all expenses up to delivery at the Loading Port.

7. The NRA shown except where predicated on specifically lower values or on an ad valorem basis, are subject to Bill of Lading limit of value.

8. Except as otherwise provided, NRAs apply only to the specific commodity named and cannot be applied to analogous articles.
9. FORCE MAJEURE CLAUSE: "Without prejudice to any rights or privileges of the Carrier's under covering Bills of Lading, dock receipts, or booking contracts or under applicable provisions of law, in the event of war, hostilities, warlike operations, embargoes, blockades, port congestion, strikes or labor disturbances, regulations of any governmental authority pertaining thereto or any other official interferences with commercial intercourse arising from the above conditions and affecting the Carrier's operations, the Carrier reserves the right to cancel any outstanding booking or contract in conformity with Federal Maritime Commission Regulations."

10. Any Tollage, Wharfage, Handling and/or other charges assessed against the cargo at Ports of Loading/Discharge will be for the account of the cargo. Any Tollage, Wharfage, Handling and/or Charges at Port of Loading in connection with storage, handling and receipt of cargo before loading on the vessel shall be for the account of the cargo.

AMENDMENT NO. O

Rule 2-060: Measurement And Weight

Effective: 10JUN2019 Thru: NONE Expires: NONE Publish: 10JUN2019

Tariff reference to "W" and "M" signify 1,000 kilos and 1 cubic meter respectively. Whenever freight charges are assessed on a W/M "weight or measurement" basis or where rates are provided on both a "W" and "M" basis, the freight charges will be computed on the gross weight or the overall measurement of the pieces or packages, whichever computation produces the greater revenue to the Carrier.

1. All packages will be measured in Centimetres and weight in Kilogrammes.

2. Rounding off- Dimensions

Where parts of centimeter occur in dimensions, such parts below 0.5 cm. are to be ignored, and those of 0.5 cm. And over are to be rounded off to the centimeter above.

3. Calculating Cubic Measurements

The three dimensions in centimeters (rounded off in accordance with (2)) are to be multiplied together to produce the cube of one package or piece in cubic meters to six decimals.

In case of a single package the decimals are to be rounded off at the second decimal, i.e., if the third decimal is below 5 the second decimal remains unaltered; if the third decimal is 5 or higher the second decimal is to be adjusted upwards.

In the case of multiple packages of like dimensions the cube on one package to six decimals is to be multiplied by the number of packages and the total cube is then to be rounded off to two decimals under the foregoing procedure.

4. Official Measurers and Weighers

The straight loaded shipments of consolidator Cargo, stuffed at Carrier's nominated off dock CY locations, does not require measuring/weighing for purposes of confirming volume/weight of cargo. For such shipments, however, there must be a certificate from an officially appointed Sworn Measurer to confirm the exact location at which the shipment was stuffed into the container.

5. Misdescription, Underweights and Undermeasurement

A. The carrier at loading port will assess freight on the shipments on the basis of the gross weights and/or measurements declared or deemed to have been declared by Shippers. Such assessment is subject to the terms and conditions of the carrier's Bill of Lading. Notwithstanding the foregoing Carrier may arrange at the port/point of destination for the verification of the description, measurement or weights of all such shipments as they, at their sole discretion, may decide and in all such cases the description, measurements or weights so obtained shall be used for determining the correct amount of freight which has to be paid and expense incurred should be for account of cargo.

B. If the gross weights and/or measurements declared by the Shippers are less than those ascertained and if the Shippers, by notification to the Carrier, within seven (7) days of the vessels sailing from port of loading or the consignees, by notification to the Carrier prior to the shipment leaving the custody of the Carrier, maintain that the gross weights and/or measurements stated by them are correct, freight shall be assessed provisionally on the controllers' figures and subsequently adjusted, if necessary, after an outturn reweighing and/or re-measuring. If such outturn re-weighing, re-measuring and/or resurveying shows that the gross weights, measurements and/or description were understated and/or misdeclared by the Shippers, re-measuring and/or resurveying shall be for the account of the cargo.

Rule 2-070: Overweight Containers

Effective: 10JUN2019 Thru: NONE Expires: NONE Publish: 10JUN2019

Shipper/Consignee for CY origin shipments shall be jointly severally and absolutely liable for any fine, penalty or other sanction imposed upon carrier, its agent motor/rail carrier by authority for exceeding lawful over-the-weight limitations in connection with any transportation services provided under this tariff and occasioned by any act of commission or omission of the shipper/consignee, its agent or contractors, and without regard to intent, negligence or any other factor. When carrier pays any such fine or penalty and assumes any other cost or burden, arising from such an event, it shall be on behalf of and for benefit of the cargo interest and carrier shall be entitled to full reimbursement therefore upon presentation of an appropriate invoice. Nothing in this rule shall require carrier, its agents or motor/rail carrier to resist, dispute or otherwise oppose the levy of such a fine, penalty or other sanction and carrier shall not have any liability to the cargo interest should it not do so. Any charges incurred in re-handling cargo to comply with maximum weight restrictions will be for the account of the cargo.

The party responsible (i.e., the shipper or the consignee) for the shipment exceeding any lawful weight limitation shall indemnify and hold the ocean carrier transporting the shipment, its agents and the motor/rail carrier(s), harmless from any and all damages or liability from claims by whomever brought arising in whole or in part from the shipment exceeding any lawful weight limitation. Rule 2-090: Diversion of Cargo (By Shipper or Consignee)

Effective: 10JUN2019 Thru: NONE Expires: NONE Publish: 10JUN2019

A request for diversion of a shipment will be considered as an amendment to the contract of carriage and will be subject to the following definitions, conditions and charges:

A. Definition of Diversion:

Any change in the original billed destination (which may also include a change in Consignee, order party, or both). A change in Consignee, order party or both will not be considered as diversion of cargo.

B. Conditions:

1. Requests must be received in writing by the carrier prior to the arrival of the vessel at Discharge Port. Carrier will make diligent effort to execute the request but will not be responsible if such service is operationally impractical or cannot be provided.
2. Cargo moving under a non-negotiable Bill of Lading may be diverted at the request of shipper or consignee. Cargo moving under a negotiable Bill of Lading may be diverted by any party surrendering the properly endorsed original Bill of Lading. Cargo moving under a negotiable Bill of Lading may also be diverted by the shipper or consignee at the carrier's sole discretion without receipt by the carrier of the original negotiable Bill of Lading so long as a new negotiable Bill of Lading is not requested or issued by the carrier. If a new negotiable Bill of Lading is requested by the shipper or consignee, the original negotiable Bill of Lading must be surrendered to the carrier prior to issuance of the new negotiable Bill of Lading.
3. This rule will apply to full Bill of Lading quantities or full container loads only.
4. A shipment may only be diverted once. Shipper may request cancellation of the original diversion request, resulting in delivery of the cargo to the original billed destination, provided that such request is received prior to arrival of vessel at Discharge Port, and provided that all diversion charges as set out in C. below, applicable to the original diversion request, are paid in full prior to the cancellation request being accepted by the carrier. In no instance will any refund of the diversion charges be made in the event of a cancellation. Any additional expenses incurred by the carrier will be for the account of the cargo.

5. Cargo, which, upon request of Merchant (stowage permitting), is diverted to a Port of Discharge within the Scope of this Tariff other than that shown in the Bill of Lading, shall be assessed the actual amount of expense incurred by Carrier, or as per carrier tariff at time of shipment, whichever is higher, plus, at the sole discretion of the Carrier, depending on the relevant administrative burdens resulting from the diversion, an administrative fee of up to \$50/BL for cargo received and diversion requested prior to vessel departure, or up to \$300/BL for cargo received and diversion requested post vessel departure, from origin port.

6. Diversion charges or administrative charge are payable by the party requesting the diversion.

Rule 2-170: SUBMISSION OF CARGO DECLARATION DATA

Effective: 10JUN2019 Thru: NONE Expires: NONE Publish: 10JUN2019

A. SUBMISSION OF CARGO DECLARATION DATA; DEADLINE FOR SAME.

Pursuant to Customs regulations effective December 2, 2002, Carrier is required to submit certain cargo declaration data for all cargo on board a vessel that will call in the United States (i.e., U.S. import cargo and foreign destination cargo remaining on board the vessel) to the U.S. Customs Service not later than 24 hours prior to the time the cargo is loaded on Carrier's vessel at each non-U.S. port of loading. In order to enable Carrier to comply with this requirement, except as provided in paragraph B of this rule, any person tendering cargo to Carrier that is to be transported to the United States or that will be on a vessel when that vessel calls in the United States must provide the following information regarding such cargo to Carrier in writing (including by electronic transmission) in sufficient time for Carrier to transmit the data to the Customs Service at least 24 hours prior to the loading of the cargo on Carrier's vessel. Failure to comply with these requirements will result in cargo not being loaded.

1. A precise description of the cargo (or the 6-digit HTS number under which cargo is classified) and weight of the cargo or, for a sealed container, the shipper's declared description and weight of the cargo. The quantity of cargo shall be expressed in the lowest external packaging unit (e.g., a container containing 10 pallets with 200 cases shall be described as 200 cases). Generic descriptions, including, but not limited to, 'FAK,' 'General Cargo,' 'Chemicals,' 'Foodstuffs,' and terms such as 'Said to Contain' are NOT acceptable descriptions.
2. Shipper's complete name and address, or the identification number issued to the shipper by the U.S. Customs Service upon implementation of the Automated Commercial Environment ('ACE').
3. Complete name and address of the consignee, owner or owner's representative, or its ACE identification number.
4. Internationally recognized hazardous material code when such materials are being shipped.
5. Seal numbers for all seals affixed to the container.

B. TIME FOR SUBMISSION OF DATA BY SHIPPERS TO CARRIER.

Except as otherwise provided below, the time for shipper to submit data to Carrier shall be as follows:

1. Shippers who submit their shipping instructions in paper format will be required to submit their shipping instructions to Carrier no later than seventy-two (72) hours prior to vessel arrival at the foreign port of load. This applies to all U.S. destined cargo as well as cargo intended to be transhipped at a U.S. port and cargo that will remain on the vessel for carriage to a non-U.S. port.

C. CERTAIN NON-VESSEL OPERATING COMMON CARRIERS.

Non-vessel operating common carriers ('NVOCCs') that are licensed by or registered with the FMC and that have obtained Customs bonds may submit the required inbound cargo declaration data directly to the U.S. Customs Service in accordance with Customs Service regulations and guidelines. For purposes of this provision, an NVOCC is registered with the FMC if it has been issued an Organization Number by the FMC, has published a valid and effective rules tariff, and has posted the required financial security with the FMC.

1. Certification. Any NVOCC that submits cargo declaration information directly to the Customs Service shall, unless notified by the Carrier pursuant to subparagraph C(1) above that it is not required to do so, in lieu of the information required to be submitted pursuant to paragraph A of this rule, provide the Carrier, not later than the deadline for shipper submission of cargo information under paragraph B of this rule, with a written certification stating that the required inbound cargo declaration data for its cargo has been transmitted to the U.S. Customs Service in a timely and accurate manner. Such certification shall describe the cargo tendered with sufficient specificity (including container number) that Carrier may readily identify such cargo.

2. NVOCC Co-Loading. For purposes of this paragraph, the term 'Master NVOCC' shall mean the NVOCC that is the customer of the Carrier and tenders co-loaded cargo to the Carrier in its name. In the event the Master NVOCC submits cargo declaration data for co-loaded cargo directly to the Customs Service, it shall do so for all NVOCCs with which it co-loads. In the event the Master NVOCC does not submit cargo declaration data for co-loaded cargo directly to the Customs Service but NVOCCs with which it co-loads transmit cargo declaration data for their cargoes directly to the Customs Service, it shall be the obligation of the Master NVOCC to provide Carrier with the certification described in subparagraph C (1) with respect to all co-loaded cargo tendered to Carrier by the Master NVOCC.

3. All NVOCCs shall be subject to Paragraphs D and E of this rule.

D. FAILURE TO PROVIDE INFORMATION; DENIAL OF PERMISSION TO LOAD CARGO.

1. In the event Carrier fails to provide the required inbound cargo declaration data to the U.S. Customs Service for all cargo to be loaded on its vessel within the time period required by Customs Service regulations it may, among other things, be assessed a civil penalty, denied permission to unload the cargo for which information was not timely provided, and/or denied permission to unload any cargo from the vessel on which the cargo is moving. Accordingly, Carrier may refuse to load any cargo tendered to it for which it has not received either (i) the data required by paragraph A of this rule by the deadline specified pursuant to paragraph B; or (ii) the certification required by paragraph C of this rule by the deadline specified therein.

2. Any and all costs incurred by Carrier with respect to cargo in its possession which is not loaded due to the non-provision of information or certification, or which is not loaded pursuant to the instructions of the U.S. Customs Service (regardless of whether or not the required data or certification has been provided for such cargo), including but not limited to inspection, storage and/or re-delivery costs, shall be for the account of the cargo. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including reasonable attorneys' fees and expenses) incurred in connection with such legal action.

E. INDEMNIFICATION OF CARRIER.

If Carrier is assessed a civil penalty or fine or is denied permission to unload cargo, because of the failure of any and all shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) to provide the information required by this rule and/or by the regulations or guidelines of the U.S. Customs Service in a complete and accurate manner, then such shippers, consignees, cargo owners, NVOCCs, shippers' associations and their agent(s) shall be jointly and severally liable to indemnify and reimburse Carrier for any such penalty or fine and any and all costs, damages or liability, direct, indirect, special or consequential, incurred by the Carrier as a result of the denial of permission to unload cargo or any delays related thereto. Carrier shall have a lien on cargo in its possession for amounts due hereunder and may hold cargo until such amounts (and any other unpaid freights or charges) are paid or sell such cargo after a reasonable period. In the event Carrier is forced to take legal action to collect amounts due hereunder, Carrier shall be entitled to recover all costs (including attorneys' fees) incurred in connection with such legal action.

F. CONFIDENTIALITY. Carrier acknowledges that the information required by the Customs Service may constitute confidential information that is not generally available to the public. Carrier, in accordance with the requirements of Section 10(b)(13) of the Shipping Act of 1984, as amended, will keep confidential, to the extent permitted by law, all Shipper bill of lading information, including information related to underlying shippers and commodities in respect of containers of less than container load cargo containing shipments by more than one Shipper.

Rule 10-A: Surcharges, Assessorial and Arbitraries

Effective: 10JUN2019 Thru: NONE Expires: NONE Publish: 10JUN2019

Ocean carriers whose vessels will be traveling through designated Emission Control Areas (ECA), which may also be designated as China's Emission Control Areas, or by other designations, will be required to use fuel with sulfur content of 0.1% or less, a substantial decrease from the 1.0% concentration fuel currently used in maritime shipping. These areas include the Baltic Sea, English Channel, North Sea, and 200 nautical miles off of U.S. and Canadian coasts, and all cargoes originating from Europe destined to all ports in China, including Hong Kong, and Taiwan (including inland destinations). The surcharge may be termed differently by ocean carriers but the main ingredient in common is that the surcharges are related to the increased price of bunker fuels surcharges. Carrier will be passing these charges to shippers pursuant to this Rule, and if a Negotiated Rate Arrangement has been utilized, these surcharges shall be passed on to shippers pursuant to 46 C.F.R. §532.5 (d) (2)(ii).

Rule 14: Co-Loading in Foreign Commerce

Effective: 10JUN2019 Thru: NONE Expires: NONE Publish: 10JUN2019

Definition: Pursuant to 46 CFR §520.2, "Co-Loading" means the combining of cargo by two or more NVOCCs for tendering to an ocean common carrier under the name of one or more of the NVOCCs.

- (1) The Carrier from time to time tenders cargo for co-loading.
- (2) The Carrier may enter into carrier-to-shipper relationships for the co-loading of cargo with the following NVOCCs from time to time:
- (3) If Carrier enters into a co-loading arrangement which results in a shipper-to-carrier relationship as a tendering NVOCC Carrier shall be responsible to pay any charges for the transportation of the cargo.
- (4) A shipper-to-carrier relationship shall be presumed to exist where Carrier issues a bill of lading to the tendering NVOCC for carriage of the co-loaded cargo unless Carrier and the tendering NVOCC enter a Carrier-to-Carrier Agreement in which case the presumption of a formation of a Carrier to Shipper relationship is rebutted. Carrier's NRA procedures shall be applicable to all co-loading NVOCCs tendering cargo to Carrier as a shipper.
- (5) In case of co-loading, under a shipper-to-carrier relationship, Carrier shall notify shipper of such co-loading action and shall annotate each Bill of Lading with the identity of any other NVOCC with which its shipment has been co-loaded. Such annotation shall be shown on the face of the applicable Bill of Lading issued by Carrier.
- (6) If cargo is accepted by Carrier from another NVOCC which tenders that cargo in the capacity of a shipper, NRA procedures shall apply.

Further, it is the Shipper's responsibility to insure that all pieces, packages and units in the shipment are clearly and properly marked with the required labels and placards.
